

OPPORTUNITY EDUCATION GLOBAL * THE FIELD SCHOOL OF HVAR

An adventure on the Adriatic Sea for the whole family.

Slow down, go deep, live on island time.

Two weeks of slow travel and an intergenerational retreat, with youth workshops, apprenticeships and real adventure running alongside it.

Two weeks on the sunniest island in Croatia, in a small harbour town that is almost entirely car free. Mornings belong to your family: swimming off the rocks, the market, a long lunch, no plan.

Afternoons belong to your young person, out in Jelsa with Croatian makers, farmers, sailors and cooks, learning real skills and doing work the island is counting on. Evenings everyone lands back at the same table.

THE WEEKLY RHYTHM

A rhythm you sink into, not a schedule you keep.

MORNINGS AND LUNCH

As a family. Swim, market, coffee on the riva, a long lunch, nothing scheduled.

MON · WED · FRI, 1:00 TO 9:00 PM

1:00 Intergenerational Workshops at the Field School Hub, open to youth, companions, Field School parents and Hvar partners
3:00 Art and Artisan Hours
5:00 Nature and Sport Adventures
7:30 Dinner

AFTER 9:00 PM

Back together. Gelato and late hangs in the plaza. Youth head into town, with a check-in time agreed with each family.

TUESDAYS · 9 AM TO 9 PM

Apprenticeship Day. Each delegate shadows a local entrepreneur, chef, skipper, scientist, artist, lawyer, architect or educator.

THURSDAYS · 9 AM TO 9 PM

Island Exploration Day. Open to delegates and companions, several options in small cohorts. OEG handles transport, meals and logistics.

WEEKENDS

Unprogrammed. Boat days, beaches, Split, or rest. Week two closes with an evening and showcase on Friday 2 July.

The schedule is built around our island partnerships and is a general overview, subject to change with the weather and other logistics. We understand families have different travel needs and some may need to depart early. Please do your best to arrive by 19 June so you do not miss orientation and kickoff events.

Adventure meets impact meets culture meets memories.

Leadership and impact built on four pillars: awareness, authenticity, agency and action. Art and Artisan Hours with professional fellows who share their craft, on projects from quick to in-depth, the island as a playing field, a weekly apprenticeship and a full day out exploring. Snacks and dinner included every program day.

Two weeks is where the real immersion happens: by week two, young people know the town by heart.
